Classic design and bold style combine to form these majestic sculptures of distinction. Highly skilled, old-world artisans use modern techniques to create these amazingly detailed pieces. Each sculpture is handmade to meet the highest standards of quality. Lightweight fiberglass is coated with pure copper and then treated to produce a durable work of art that will endure the elements of nature and withstand the passage of time. These beautiful pieces of Wall Sculpture add warmth and charm to the home or outdoor environment.

Copper takes on a whole new dimension with these beautiful works of art. Highly skilled, old-world artisans hammer solid copper sheet and then apply elegant patinas by hand to form these amazingly detailed creations. Each piece is made to meet the highest standards of quality, and since they are crafted from pure copper, they will endure the elements of nature and withstand the passage of time. These beautiful pieces of Wall Art add warmth and charm to the home or outdoor environment.

# WALL SCULPTURE
